## Sponsorship Opportunities

### Groton Film Society Overview

The Groton Film Society (GFS) is a not-for-profit, membership-supported entity. Our aim is to contribute an additional cultural offering to the growing vibrancy of our town. The GFS will show private screenings of high-quality independent films not typically shown in nearby theaters – films with compelling themes. One screening a month is planned at various venues in and around Groton. Screenings will be preceded and followed by group discussions about the film, and may also feature guest speakers involved with the independent film movement, wine tasting, chocolate tasting, and other “foodie” events.

### Sponsoring a Screening

GFS would like to work in cooperation with local merchants who desire to contribute to local cultural offerings and promote their businesses to our members, especially at movie screening events.

**A local business may sponsor a single GFS screening for \$100, 6 for \$500, or 12 for \$1,000.** Promotion made available via sponsorship includes the following:

- Your business featured in screening program handout
- Acknowledgement during evening introduction and closing
- Your logo and/or business name featured onscreen before film begins
- Your business promoted in all pre and post screening email notices to members and interest mailing list
- Your business featured on our website: [grotonfilmsociety.org](http://grotonfilmsociety.org)
- Promotion of discount for GFS members at your business when they show their GFS membership card at checkout (if desired)
- Link from our website to yours

GFS will have no more than one sponsor in any given business category per event. Multiple sponsors will only be featured if they are non-competitive businesses.

We hope you will join the GFS committee in supporting this new cultural offering in our area.
